

RUSSIA DEMORALIZED; TROOPS TO WEST

JUDGE AMIDON CONVENES COURT HERE THURSDAY

Brief Term Will Not Be Marked
by Any Trials of Sensational
Character

CRIMINAL CALENDAR TO BE FINISHED THIS WEEK

Comparatively Small Number of
Cases, Principally Involving
Liquor Laws

Judge Amidon of Fargo will convene United States district court for a brief term in the federal building tomorrow morning. J. A. Montgomery clerk of court, who arrived in the city last evening, predicts that the term will not consume more than a week. It is anticipated that the criminal calendar, which will be called the first thing tomorrow morning, will be finished this week.

Comparatively unimportant cases are slated for trial. There is one action charging forgery, from Lemmon, and Norton, who is accused of slandering United States mail bags at the Soo station here, will be tried. Several alleged violations of the liquor laws on North Dakota reservations are scheduled for trial at this term.

Elbowoods Man.
"Dad" Smith, a familiar Elbowoods character, who was arrested there yesterday, charged with introducing whiskey on the Port Berthold reservation has given bond for \$500 for his appearance in Bismarck.

A quantity of liquor was seized in the Great Northern and Soo freight stations at "Minot" yesterday, but whether the federal court will take cognizance of these cases at this term is not known.

One action in equity which will be of local interest is that of the Todd Land company versus the City of Bismarck.

Judge Amidon and United States District Attorney M. A. Eldredth will arrive from Fargo this evening. The jury panel has been called for tomorrow morning.

TEDDY MAY GO WITH STATE GUARD TROOPS

Albany, N. Y., May 16.—At the conclusion of a two hours conference today with Governor Whitman, Col. Theodore Roosevelt announced that he would accept the governor's offer of a major general's commission in the state senate if the administration army bill were passed without the provision to permit him to go to Europe with an expeditionary force.

AMERICAN WOMAN SHOT AS SPY

Pauls Valley, Okla., May 16.—Mrs. Katharina Couch, reported from St. Francisville, Ill., last night as having been shot as a spy in Germany, was the wife of the Rev. James Couch, pastor of the Christian church at Wanette, Okla., according to the postmaster here.

Mrs. Couch had lived in America from early childhood. About 15 years ago her parents returned to Germany.

Redenbaugh Is Ready to Face Music

St. Paul, May 16.—Joseph Redenbaugh who the San Francisco police say confessed the murder of Mrs. Alice Dunn in St. Paul will waive extradition proceedings and will come to this city with County Attorney O'Brien, according to a message received from the coast today by Chief O'Connor.

BREAKING GROUND AT FARGO FOR BIG EQUITY INDUSTRY

Fargo, N. D., May 16.—Breaking ground for Fargo's \$400,000 packing plant started this morning. The general contract for the building is not yet let. The site comprises 200 acres, donated by the Commercial club.

"Beware of Peace" Says Russell Upon Terms Laid Down by Kaiser William

President Wilson has selected Mr. Russell as member of the special war mission to Russia. His articles in the Tribune therefore take on an added interest.

By CHARLES EDWARD RUSSELL.
Washington, May 16.—This war's first great test is out for this nation will come about four weeks hence.

It will not be on the battlefield, it will be right here at home.

It will not be a test of physical courage, but of our good sense, clearness of head and steady purpose.

We have had most of the other exams and come out A1 and as good as the best.

Our grouchies and other people used to say we were not a nation, but just a lot of selfish kale grabbers from all the lands on earth. They used to say we could never unite on anything, put anything over our care for anything but the long green.

Ready for War But Are We Ready for Bank?

The first three weeks of the war spiced all that stuff. The nation stands together, we have voted an army, we have voted the money and when the deliberate gentlemen on Capitol hill have wind-jammed long enough we shall get the other things we need.

We are ready, to meet our enemy man to man and beat him to a fare-you-well. But are we ready to understand that he fights with liars, drunks, chicanery, plausible pretenses, smiling bunk and infinite con games still better than with guns?

That's the question, but it will not be a question very long. The quiet slip from the neutral chancelleries of Europe (being the places with which inside dope is gathered), is that within a month the German government will announce Germany's peace terms and that when they come along look out for trouble.

The Kaiser's Coming, Cunning Trick. Licked at the battlefield and licked at home, the Kaiser is going to pull on the world's most cunning trick. He is going to propose universal and immediate peace on terms that will everywhere catch the half-witted and the half-hearted.

That is to say, "NO ANNEXATIONS, NO INDEMNITIES," everything to be restored to the geography and the conditions existing previous to July 28, 1914, and all be good fellows together.

This from the man who started this war and who pushed his followers to the most shocking and growsome savagery against womanhood, mankind and childhood—against the world.

To this he will add some rhetorical ruminations about disarmament, and if that doesn't land 'em, says the Kaiser, nothing will.

Peace at once and "NO ANNEXATIONS, NO INDEMNITIES." Except, of course, Germany will want that little strip of Serbia that will enable her to control her Bagdad railroad.

but she will most kindly allow Serbia compensation in the shape of a seaport on the Adriatic.

And, of course, Belgium ought to be relieved of the care of her colonies, which have always been such a burden to her, and Germany stands ready in the interest of humanity to take them over. But substantially, fellows, let's go back and shake hands and forget all this little row.

Means German Victory If World Falls for It.

That would mean, of course, that all of Germany's lost colonial empire, Africa and the vast sweep of South Sea islands, goes back to her. The South Sea islands alone would make any country rich.

It would mean that Germany's mercantile marine, practically intact, would be given back after she has sunk thousands of the other deep sea vessels LEAVING HER THEN THE WORLD'S FOREMOST SEA CARRIER AND COMMERCIAL EMPRESS OF THE GLOBE.

But there are merely trifles compared to some other things.

It would mean the moral triumph of the ideas and ideals for which Germany has stood in this war, the principle that nothing is important except material success, no matter how it is achieved; that might makes right, that the weak have no protection against the strong, THAT SAVAGERY IS HOLY, that treaties have no binding power, faith no force and honesty no significance.

Principles of Murder and Savagery Will Stick.

It would mean settling upon the world forever the principle that if a nation is strong enough it can trample over a smaller neighbor, commit the most horrible and sickening atrocities the world has ever seen—MURDER, RAPE, THEFT, BE A BANDIT ON LAND AND A PIRATE AT SEA—go forth dripping with the blood of little children followed by the execrations of wronged women, escape any retribution for a list of crimes unequalled in human history, and diligently prepare to repeat them.

For such a peace would be farced. It would be an armed truce in which ALL OF US SHOULD BEND EVERY ENERGY FOR THE NEXT WAR not more than six months hence, and far more terrible than this.

Are You Ready for the "Hurrah!"

"Peace and good fellowship—no annexations and no indemnities." The element that cannot think and does not know, with the pro-Germans of Wisconsin and St. Louis, will spring rapturously at the suggestion. It will not be peace they will grasp, but the most terrible and destructive war.

PEACE! THERE WILL NEVER BE ANY PEACE ON THIS EARTH AGAIN UNTIL THE PRUSSIAN SEIZURE AND THE PRUSSIAN CONCEPTION OF BRUTE FORCE AS THE ONLY GOVERNING POWER ARE PUT OUT OF BUSINESS FOREVER.

CONGRESSMAN GARDNER TO ENTER ARMY

Massachusetts Representative Gives Up Seat in Congress—Others May Follow

SOLONS MAY ENLIST AS BLUE JACKETS

Some Expect to Take Up Active Duty as Soon as Recess May Stay Permanently

Washington, May 16.—Representative Gardner of Massachusetts, has resigned from Congress to enter the army. Mr. Gardner, an active figure in the movement for military preparedness, was a member of the ways and means committee. He has been ordered to active duty as a reserve. He is the first member of either House to leave Congress for service in the war.

REPRESENTATIVE GARDNER

Several other senators and representatives, it was said today, are planning to enlist as bluejackets in the navy when the present session ends. They will serve during recess of Congress and then determine whether they will resign from Congress or get a leave of absence from the naval reserves during the next session.

FORMER SOCIALIST TO TELL BISMARCK WHY HE REFORMED

David Goldstein, Once Candidate for Mayor of Boston, Lectures Tomorrow

"Peace and War" is the subject to be discussed under the auspices of the Bismarck council of Knights of Columbus at the K. of C. Hall Thursday evening by the well known orator, debater and author, David Goldstein of Boston. The supreme officers of the Knights of Columbus, who are conducting a nation-wide lecture movement in defense of Christian principles, have signed Mr. Goldstein for a lecture in this city.

Mr. Goldstein was formerly a foremost leader in the Socialist movement, having been the first candidate of the Socialist party for mayor of this home city. Boston. He is said to have resigned from the Socialist movement twelve years ago, after a futile attempt to get the organization to repudiate its immoral teachings. His reasons are outlined in a book called "Socialism, the National of Fatherless Children," which has a circulation of over 40,000 copies. It is highly recommended by Cardinal O'Connell, Col. Roosevelt, Samuel Gompers and other distinguished opponents of Socialism the country over.

Mercury Hits 89 Today; Not High for May

Registering 89 at 2:30 this afternoon, the mercury in the government weather bureau approached within seven degrees of the record for forty years at the local station.

The high mark in the history of the state headquarters for the government weather bureau here was reached May 11, 1906, when the mercury climbed to 96.

ONLY 145 ARE REJECTED AT FT. SNELLING

Student Officers Given First Taste of War by Five Mile Hike Into Country

THREE OF 2,000 DROP OUT FROM EXHAUSTION

Five Boards of Officers Named to Select Points for Training Camps

Ft. Snelling, May 16.—Prospective army officers at the Ft. Snelling training camp today had their first taste of war's hardships when they were required to go on a five-mile hike over the dusty country roads. Although three of the 2,000 or more men who took part, dropped from exhaustion, they were able to return on foot and the ambulance that followed the marchers was not used.

Only 145 Rejected.
It was announced that 2,295 have passed all examinations and have been enrolled at the camp. Rejection for physical deficiencies numbered 145.

The health of the student officers is gratifying to the officers, who said it evidenced the sturdiness of the average northwesterners. Only ten men have answered sick call and the most serious complaint was a boil.

FIVE BOARDS.

Chicago, May 16.—Five boards of officers were appointed today by Major General Thomas H. Barry, commanding the central department, U. S. A., to investigate and report on available sites in the middle western states for training camps for a part of the first contingent of 500,000 troops for overseas service to be raised in this section. Following are the heads of the boards:

For North Dakota, South Dakota, Minnesota, Nebraska and Iowa, Col. George H. Morgan, cavalry; Col. Daniel W. Lockwood, engineers; Lieutenant Colonel George E. Houle, infantry; Major William J. Lahy, quartermaster reserve corps, and Major James F. Bevans, medical corps.

Richardton Elevator Is Burned

Dickinson, N. D., May 16.—Fire at 6 o'clock this morning destroyed the Richardton elevator, a structure of steel and concrete, with about 800 bushels of wheat and less than 100 bushels of flax.

The elevator is a total loss, estimated at about \$4,000; covered by insurance.

The prompt and efficient work of the firemen confined the fire to the elevator. The cause of the fire is unknown, but it is assumed that a spark from a passing train was the cause, as the elevator is located on the Northern Pacific right of way.

M'CUMBER WANTS SUBMARINE BOARD PUT TO WORK

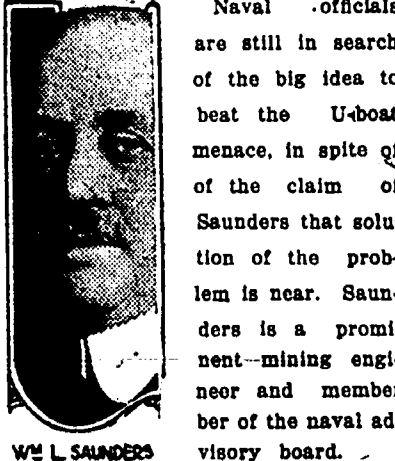

St. Paul, Minn., May 16.—A special dispatch from Washington says: "Delay in authorizing a submarine board in the navy is little short of treason," Senator McCumber of North Dakota told the senate today in discussing the navy personnel bill. Senator McCumber believes the war will be won when the submarine menace is overcome. For this reason he has proposed a submarine board, whose duty it will be to study means for destroying the U-boats.

BAN TIN CANS FOR SOUP OR BEANS

Washington, May 16.—American consumers will have to deny themselves canned beans and canned soups of all kinds for a time, under a decision of the war can committee, which cuts off the supply of cans to packers of those foods. A committee, comprising tinplate makers, manufacturers, canners and government officials, held that the shortage of tin makes it imperative that cans be supplied only to packers of perishables and of foods absolutely necessary to the national existence.

The order will be effective for 60 days or more, and will be put into operation despite the declaration of the bean and soup packers, who say it means ruin to their business.

STILL SEEK BIG IDEA TO BEAT U-BOATS

CAMPAIN FOR \$1200 Y.M.C.A. FUND PLANNED

Sermons in Bismarck Churches Sunday Will Usher in Underwriting in Capital

COMMITTEE OF SIX WILL HAVE CHARGE OF EFFORT

Bismarck, in a campaign to open Sunday, will be asked to pledge \$10 for each member of Co. A, with a view to supplying the boys when at the front some of the comforts of home, and particularly a moral influence for their betterment, to be exerted through the Young Men's Christian association.

A preliminary meeting has been called for the Commercial club rooms tomorrow evening, when President H. P. Goddard will name a committee of six, which is to undertake the subscription of the required amount in Bismarck. Twelve hundred dollars will be asked in \$10 units. Public-spirited citizens already have subscribed for as many as ten units, and no difficulty in raising the amount asked is anticipated.

Sunday Sermons.
The capital city clergy will be asked to devote a portion of their sermons to this cause Sunday, and next Monday the campaign will begin in earnest. Each subscriber of \$10 will have the satisfaction of feeling that he has become morally responsible for the welfare of one of the 100 members of Co. A. The plan will work benefit in two ways. Each spiritual godfather will feel a more direct interest in the boy for whom he stands sponsor; and each member of Co. A. will be assured at the front the advantages of a well financed war Y. M. C. A.

State Committee.
North Dakota as a state is asked for \$12,000. The work which the Y. M. C. A. has planned for this great war will cost \$3,000,000, including buildings and equipment. The activities considered by the organization will be similar to those conducted during the past summer and winter with the troops on the Mexican border except that it is hoped to make the work with the new army much more extensive and effective.

A war work committee for North Dakota, consisting of H. W. Geary, H. L. Loomis, A. W. Fowler, C. A. Fraser, C. A. Pollock, H. F. Emery and W. F. Cushing, has been named, and the week of May 20 has been selected for a state-wide campaign. The army work of the "Y" is heartily endorsed by officers and men of the First North Dakota infantry, and a prompt response to the association's call is anticipated from this state.

Saint Ste. Marie, Mich., May 16.—Six men were killed and several others seriously injured in an explosion today at the end of the Ft. Brady pier. Most of the victims were laborers. It is believed dynamite stored under the docks exploded.

The fish hatchery and adjoining buildings were damaged. Soldiers from Ft. Brady were notified to patrol the area affected by the explosion and a military investigation will follow.

One of the men killed was George Cook, a member of the crew of the coast guard cutter, Mackinac. The fact that the Mackinac was some distance from her moorings when the explosion took place probably saved her from destruction.

Six Killed In Explosion At Ft. Brady

Saint Ste. Marie, Mich., May 16.—Six men were killed and several others seriously injured in an explosion today at the end of the Ft. Brady pier. Most of the victims were laborers. It is believed dynamite stored under the docks exploded.

The fish hatchery and adjoining buildings were damaged. Soldiers from Ft. Brady were notified to patrol the area affected by the explosion and a military investigation will follow.

One of the men killed was George Cook, a member of the crew of the coast guard cutter, Mackinac. The fact that the Mackinac was some distance from her moorings when the explosion took place probably saved her from destruction.

According to witnesses, a garbage wagon, driven by Frank Pahr, came to the dock and it is believed moved over the place where the dynamite was stored. Pahr was removed to a hospital in a dying condition.

CAPTURE TRENCHES.
Berlin, May 16.—The capture of trenches on a front of 600 metres east of Lanouville is announced in today's official statement.

TEUTON FORCES WITHDRAW FROM SLAV BORDERS

Hindenburg Able to Throw Immense Numbers of Reserves Against Allied Armies

FIRST FRUITS OF CHAOS AMONG RUSSIANS EVIDENT

Food Situation in Germany Steadily Growing More Acute State Reports

IN BRITISH WATERS.
London, May 16.—The admiral today announced the arrival of American destroyers in British waters.

(By Associated Press.)

The demoralization of the Russian army and the consequent withdrawal of German forces from the eastern front are having their effect in France. The heavy reinforcement of men and guns, which Field Marshal von Hindenburg has been able to throw into the defense, at his sorely battered lines, have for the time being at least, caused a deadlock with the most furious efforts of the British and French have failed to break.

First Fruits.
The first fruits of the chaos in Russia are more ominous because of the hints they offer of future possibilities. The council of soldiers and workmen's delegates seems to have been aroused at last to the peril of the course it has elected to follow, but it is a question of whether its awakening has not come too late. The soldiers in the ranks apparently have the bit in their teeth and it remains to be seen whether there is a strong enough to check them from bringing about virtual anarchy.

Minister Resigns.
Paul Milukoff, minister of foreign affairs, has resigned, leaving the cabinet altogether. M. T. Ensselenko, minister of finance, has been appointed foreign minister, and A. V. Kargin, previously minister of justice, has been made minister of war and marine.

Hopeful Side.
The hopeful side of the picture is drawn by the multiplying signs that the political and economic crisis in Germany is as acute as ever. The extraordinary measures taken by the German censorship to prevent the outside world from learning conditions in the empire have been fairly successful, but some facts could not be concealed. Possibly for the first time in history, revolution and a German republic have been openly talked about in the reichstag, and most significant of all, the authorities do not, apparently, dare to check the growing audacity of the radicals.

Growing Woes.
The food situation in Germany also appears to be growing steadily worse and alarm is expressed in various quarters that the available supplies will not suffice to feed the nation until the next harvest. The promises with which the administration checked the May day strike agitation have proved hollow and there are complaints that the attempts to substitute meat for bread is seriously diminishing the country's stock of milk and mals.

Reports Conflicting.
Reports from Vienna and Rome are diametrically opposite as to the initial result of the new Italian offensive. The Italians have made some gains in the direction of Trieste, but it is too early as yet to judge how the operation will develop.

A new German attack on the French line was delivered along a four kilometer stretch in the region of the Chemin des Zames plateau. The French positions here were maintained in spite of repeated powerful assaults by the crown prince's troops.

Italians Report Big Successes

Important successes were won by the Italians today in inaugurating their drive on the Isonzo front. The official note in regard to the operation was given out tonight as follows:

"The offensive action now being developed on the Julian front was preceded by vast, intense and methodical artillery preparation, which was opened on May 12 along the whole line from Tolmino.

"During the first part of the bombardment the enemy reacted, but feebly. Their reply was more vigorous on May 13. On the morning of the 14th Austrian batteries opened a heavy curtain fire.

"Undeterred, the Italian infantry toward noon leaped over the parapet and dashed toward objectives previously assigned. These positions were almost all difficult ones, and some

cisions Insuring Rights to
the Patriotic

Billings, Mont., May 16.—After several weeks of diligent search through land office decisions and digests for the last 40 years, Register Fred Foster of the Billings land office has issued a circular letter advising homesteaders who desire to enlist in the army and navy how they may proceed to do so without forfeiting their claims.

DRAW \$5 FOR SINGING
RED WHITE AND BLUE

Mandan Boys Wondering Know
"Watch Am Rhine"

Would Cost Them

Mandan, N. D., May 16.—An over dose of patriotism resulted in the arrest of W. J. Bross, G. R. Rhymmer, Raymond Macdams, Richard Schneider, Al Stephen and R. F. Van Schlack charged with singing too vo-

ciferously the "Red, White and Blue." Each of the young men paid \$5 and costs. "If we get this for singing The Red White and Blue wonder what the judge would give us for 'Die Wacht am Rhine,'" said one of the party.

Dunn County to
Unite in Honor
Of Sharp Shooter

Dunn Center, N. D., May 16.—All Dunn county will unite here Memorial day in a dinner and reception in honor of J. B. Boyd veteran of Company G with Illinois Yates sharp shooter.

VICTIM OF CUPID
SPECIAL AT HOME
AT FORT BERTHOLD

Wealthy Rancher One of First
Members of Louis Hill's Mav-
ericks Hog-Tied

Fort Berthold, N. D., May 16.—Theodore Schwinden, wealthy ranchman, and his bride are at home on the Fort Berthold reservation. Mrs. Schwinden was Miss Luta Kennedy, stenographer for a prominent law firm in Chicago. Theodore went to Chicago with Louis Hill's famous matrimonial special during the live stock show. Miss Kennedy was among the group of Chicago girls who stormed the train on its arrival, seeking rancher husbands. Most of the girls drew blanks in the form of married men. Luta drew a prize, and after a few weeks' correspondence she came to North Dakota to claim him, the wedding taking place immediately at Minot.

SWEET CLOVER SEED
NETS GROWER \$110
IN AN ACRE YIELD

Marmarth, N. D., May 16.—The raising of sweet clover, once a despised weed, and now recognized as one of the most valuable native forage plants, is proving profitable for Johnna Hughes of the O. I. C. ranch, who has sold \$110 worth of seed from one acre.

WILL BE CHAPLAIN.
Rolla, N. D., May 16.—Rev. and Mrs. R. W. Lee have gone to Bismarck, where he will confer with Governor Frazier relative to his appointment as chaplain in the United States army.

Severe Headache, Cold
and Constipation—Three
Bottles of Peruna and
Manalin Made Me Well

Mr. John B. Capers, No. 400 Live Oak St., Fort Worth, Texas, writes: "I am sending you the thanks of not only myself, but my father, mother and brothers, not that they have been benefited by your medicine themselves, but they are thankful on my behalf. In the summer of 1900 I was taken with a severe headache and cold, which after being neglected for a short while turned to what the physician called severe case of constipation and bowel trouble. After suffering the nice sum of sixty dollars and receiving no relief from the doctor's treatment, I at last decided to take a trial at your Peruna and Manalin which a neighbor had recommended as being a good medicine for that complaint. After using about three bottles of each I was a well person again. Then in 1905 the same performance took place, only the doctor bill only reached thirty dollars that time, and your medicine cost amounted to eight dollars. And a repetition of the same case took place again some two months ago, and after trying the doctor to the tune of fifteen dollars I went back to your medicine again, and am again on my way to good health and peace of mind. I forgot to make mention of the amount of the drug bill, and owing to the fact that I have forgotten the exact

Neighbor

amount I will state that it took very near all that my father made at the different times I was in such states of health, to pay the doctor and drug bills. As for the statement of my condition at the above mentioned times, I will say that physics of all kinds and classes were used, and we had to call on the fountain syringe for help up to the time I started using your Peruna and Manalin, for I could almost drink castor oil like I would water and it did no good. As for salts, they, too, were of no use. The doctors were puzzled themselves.

Those who object to liquid medicines can now procure Peruna Tablets.

In speed, in acceleration, in hill-climbing and in high-gear work Saxon "Six" has decisively defeated higher-priced "Sixes," "Eights" and "Twelves."

TWO TON BATTERY
OF PLOWS FAILS
TO IRRITATE HIM

A. W. Kastien Much Alive Altho
More Cultivated Than to
His Liking

Beach, N. D., May 16.—Gone over by a two ton battery of tractor plows, A. W. Kastien of the Lame Steer district is still very much alive, although both his collar bones are broken and most of the skin lacking from the spots it ought to cover. Kastien fell between the plows when his tractor kicked, and eight of them passed over and through him.

GRAFTON LEADS ALL
NORTHWEST IN RALLY
TO UNCLE SAM'S CALL

Mayor of Patriotic City Congrat-
ulated on Excellent Showing
Made

Grafton, N. D., May 16.—"Congratulations you on the excellent showing made by your city in sending down for enlistment a large number of high type, patriotic citizens. The patriotism of Grafton is commendable," reads a telegram received by Mayor Blades from Recruiting Officer Wilson at Minneapolis. Grafton sent 23 recruits for the navy in one group. This is believed to be the largest number in proportion to population furnished by any town in North Dakota or Minnesota. Only four of the boys failed to pass the examinations.

STARK COUNTY SHERIFF
ASSURES GERMAN-BORN
CITIZENS FULL RIGHTS

Taylor, N. D., May 16.—Persistent reports circulated with a view to alarming German-American citizens have led to Sheriff T. N. Hartung's issuing a formal proclamation in which he guarantees safety of person and property to all foreign-born citizens who abide by the laws of the country, and he suggests, "keep their mouths shut."

Formaldehyde
Bath Too Much
For Tapeworm

Plaza N. D., May 16.—Clifford Bergstrom, four years old, no longer suffers from tapeworms. The lad picked up a bottle of formaldehyde and drained the contents. Then he told his parents about it, and they deluged him with milk.

Clifford didn't feel real well for a time, but he is all right now, and he is guaranteed germ proof.

WAR CRIPPLES BAND

Bordulac Music Makers Surrender
Salaried Instructor

Bordulac, S. D., May 16.—Bordulac has sacrificed its famous band on the altar of patriotism. So many of the musicians have enlisted that it has become necessary to dispense with the services of a salaried leader.

SAYS ALLIES WILL WIN.

Dickey Boy Fighting With Brit-
ish Expresses Confidence

Dickey, N. D., May 16.—Confidence that the Allies will win is expressed in a letter from William Terring, son of Henry Herring, a LaMoure county pioneer, and who now is serving with the British army in France.

Big Bell Results in Wrenched
Hand for Lankin Man

Lankin, N. D., May 16.—George Kizual is suffering from a severely wrenched hand, sustained when the clapper of the large village saw-bell which he was taking down, fell on his hand.

BURKE RESIGNS JOB

Succeeded as Commissioner by
Mark Chatfield of Minot

Konmare, N. D., May 16.—Increased private law business has necessitated the resignation of Judge J. E. Burke from the office of juvenile commissioner, and Judge K. E. Leighton has named Mark Chatfield of Minot to the position.

BEACH BASEBALL FANS
TO HOOP HER UP FOR
WINNING TEAM TONIGHT

Beach, N. D., May 16.—Beach baseball fans meet tonight in the offices of the Beach Lumber & Coal company to decide the fate of the Beach ball team for the present year. Beach has an abundance of good material and a score of neighboring towns waiting for a drubbing.

MAKES BIG TRACTOR
WALK THE ROPE AND
PREVENTS BAD SMASH

Hans Sorenson of Crosby Quali-
fies for Job as Driver of
British Tank

Crosby, N. D., May 16.—Hans Sorenson qualified for driver of a British tank, when in the presence of a crowd of Crosbyites gathered at the Soo station, he made a big gas tractor walk the rope and thereby saved the engine from destruction. Sorenson was driving the tractor down a high platform when the section upon which the engine stood began to buckle. The tractor chanced to be almost in the center of the platform, which was supported by only one girder, and Sorenson maintained the balance, Sorenson drove the engine to the end of the platform and to safety just as the teetering frame toppled over.

MUMPS TAKE ROMANCE
OUT OF LIFE FOR BEVY
NEW-ENGLAND MISSES

New England, N. D., May 16.—Mumps have taken all the romance out of life for a bevy of pretty New England misses, pupils of the local high school. An epidemic has been raging for a week. Misses Irene Straug and Margaret McKenzie are among the recent victims. Pickles are a drug in the market.

MINOT ASKS REJECTED
MEN FROM SNELLING TO
JOIN NATIONAL GUARD

(Special to Tribune.)
Minot, May 16.—An effort is being made to have those whose application for service at the training camp for officers at Fort Snelling were not accepted join the ranks of Co. D, North Dakota National Guard. To this end a public meeting will be held in the armory tomorrow evening and addresses will be delivered by Orrin A. Pierce, commander of this division of the civilian training camp association, Captain Wheeler of Co. D and other military officers.

Shoots Father in
Hand Over the
Handling of Team

Goodrich, N. D., May 16.—Quarrelling with his father over the handling of a team, Alex. Bletz shot and probably fatally wounded the former, Jacob Bletz. The younger Bletz is charged with pumping three bullets into his father's body. The son is in jail at McCluskey.

Aged Degenerate
Hurried to Pen-
Violence Feared

Granville, N. D., May 16.—Pleading guilty to an unimpeachable crime against his 13-year-old daughter, John Cox, 75 years old and a physical wreck, was hurried away to the state penitentiary for fear of violence. Judge Burr gave him a sentence of five years.

CORRESPONDENCE

***** KINTYRE *****
Mrs. Sisco and daughter, Miss Leone, have moved to Kintyre to live.

Miss Brady and Miss Cornell will give their concert Friday evening, instead of last Friday, as stated in this column.

The Kintyre Literary club will meet Saturday evening of this week. The Bauer and Gorder families went to Napoleon on Sunday.

The Faller family took Miss Hoof, who visited here a few days, to her home south of Napoleon, on Sunday afternoon.

The Misses Edna and Nola Lane and Alice Davis visited with friends in town Sunday.

Mrs. Sealy has gone to Minnesota to visit the Edwards family.

Excavation for the basement of the new bank began Monday.

For Ten spent a day or two in our city the first of this week.

There was a prairie fire east of town recently. Everyone should be careful about starting fires, as it is so dry.

WOMAN'S WORK IN WAR
TO BE DISCUSSED AT
MANDAN CLUB MEETING

Mandan, N. D., May 16.—Mandan will entertain women's federated clubs of the Mandan, May 22 and 23. "Woman's Work in War" will be the principal subject for discussion.

Chalmers 7-Passenger Touring Car—Price \$1475 Detroit

Chalmers

Small Enough for Five—Big Enough for Seven

Many cars that are delightful for five are impossible for seven. Yet how often two extra seats would be welcomed. Here you have it. This Chalmers solves the problem.

You have all the compactness, moderate upkeep, and easy handling of a "five", yet with ample room, in comfort, for two additional when needed. Ingeniously designed extra seats slip out of the back of the front seats. They are never in the way. Yet always ready. Come and see how Chalmers Drive it.

Touring Car, 7-passenger . . . \$1475	Cabriolet, 3-passenger . . . \$1625
Touring Car, 5-passenger . . . 1250	Limousine, 7-passenger . . . 2550
Touring Sedan, 7-passenger . . . 1975	Town Car, 7-passenger . . . 3550
Roadster . . . \$1250

Mandan News Bureau

Cliff Hanson III—While en route home from Rochester, Minn., where he had been receiving treatment for a cancer at the famous Mayo Bros. hospital, Cliff Hanson was taken seriously ill shortly after leaving Jamestown and on arriving at Mandan was in a critical condition. It was necessary to take him to the hospital immediately. He arrived in the city on No. 3 and was en route to his home at Ft. Clark. It is feared that Mr. Hanson will not recover.

Mueller Back—Paul Mueller, deputy sheriff, returned yesterday from Hebron, where he had been to serve subpoenas on 18 witnesses in the Hebron wine case, which is being tried today.

Mrs. Kidd in "Jintown"—Mrs. Charles Kidd is in Jamestown as a delegate from the Mandan lodge of the Degree of Honor at the state convention being held there.

Auditor in Hebron—George W. Janda, auditor of the associated banks, went to Hebron yesterday afternoon and examined the state bank at Hebron.

Mackey in Bismarck—Dr. Edmund Mackey went to Bismarck yesterday afternoon to attend to business matters.

Dawson Visits—John Dawson, president of the Manning, Mandan & Freida Railway company, was in Mandan yesterday to attend a meeting of the officers of the company which was held yesterday afternoon at the Commercial club rooms.

Nuchols in Texas—S. L. Nuchols is in Texas as a delegate from the Bismarck Presbytery in attendance at the national Presbytery meeting which is now being held at Dallas, Texas.

Handmann Resigns—"Heinie" Handmann, who for a number of years was employed as messenger boy for the Western Union, has resigned.

Doctor Returns—Dr. H. O. Altnow returned last evening from New Salem, where he had been called on professional business.

Hess to Bismarck—Vice President Joseph P. Hess of the First National bank will tomorrow evening go to Bismarck to attend the meeting of chairmen appointed by the executive committee to handle the liberty loan project in the state.

Order now Taylor & Co. canned fruits through St. George's Guild. Call 26 or 233 for information. 5-11-17

Thousands of Stomach Sufferers owe their complete recovery to May's Wonderful Remedy. Unlike any other for Stomach Ailments. For sale by Lehnart Drug Co., and druggists everywhere.

COUNTIES MUST SUPPORT INSANE PATIENTS; NOW OWE THE STATE \$47,000

A day of reckoning is at hand for counties which have been foisting insane patients on the state. There is due the state for patients maintained at the Jamestown hospital by the state \$47,000. The counties which owe this amount will be checked up and called upon to stand and deliver. Some counties have evaded their responsibilities for three or four years, and the state has borne the burden. As a result, the funds appropriated for the maintenance of patients justly chargeable to the state are being depleted.

An emergency session of the state auditing board and the board of control is being held this afternoon. The state auditor has served notice that the state will no longer pay for the care of patients who should be maintained by the counties from which they were committed, and some solution is being sought in today's session for this vexing problem.

FINE EXHIBIT ARRANGED AT SCHOOL BUILDING

When the school exhibit opens at the high school building Friday afternoon at 3 o'clock, patrons of the school will be privileged to view a fine collection of hand made furniture in the manual training department. The collection will consist of library tables, kitchen cabinets, book cases, and wardrobes. They are built from oak and are highly polished. The handwork is splendid and could well adorn any home in the city.

In the domestic science department Miss Harriet Spillars, the instructor, has divided her class into groups of two and the various groups will display exhibits showing the nutritive values of the various foods, household budgets, articles of food best to prepare a meal, lunch and box meals for one person for one day. The girls will also exhibit their recipe cabinets and dietary books. The girls from grades six and seven will display a number of garments which they have made during the year, as will the high school girls. Girls of the eighth grade will serve water and tea during the hours for the exhibit, from 3 to 6.

The chemical department will display a number of experiments. This department has, just completed the manufacture of soap for the use of the school. Supt. Martin furnished the soap stock and the class made the finished product.

The commercial department will be represented in a contest with the Mandan school Saturday, May 26. The

GIRL FARMER READY TO GROW SPUDS

She is a member of the Woodcraft Potato club of the Rosemary school at Greenwich, Conn., and on her way to hoe her plot of potato hills. All girls in the club wear the costume here shown.

contest will be held in the local high school and tests will be between the advanced and first classes in short-hand and typewriting. Instructors of the Bismarck business college will be the judges.

In the fifth and sixth grades handsome exhibits have been prepared by the pupils. Samples of written work together with many subjects in drawing will be shown. Water color subjects will feature the fifth grade and charcoal the sixth. Miss Dora Larson of the sixth grade is also displaying drawings done in crayons, which is most meritorious. One picture shows a Hopi Indian on a white burro and finished in crayon. It was sketched on the blackboard from a magazine and shows considerable merit.

All patrons and friends of the schools are cordially invited to the exhibit.

But No One Is Perfect. "A perfect wife never nags," says a writer in an exchange. "That's true. And a perfect husband never gives cause for nagging."—Baltimore Star.

I will close out my spring stock of millinery cheap at 512 E. Fifth St. Mrs. J. P. Heltemes.

TEUTON FORCES WITHDRAW FROM SLAV

(Continued from page one)
hitherto had been regarded as impregnable, but notwithstanding this the Italian infantry advanced and still continues to advance. Valuable positions have been won and prisoners are flowing into our concentration camps.

CAPTURE 3,375 PRISONERS.
Rome, May 16.—The war office announced today that "as a result of the offensive begun yesterday the Italians thus far have captured 3,375 prisoners, a mountain battery and 30 machine guns."

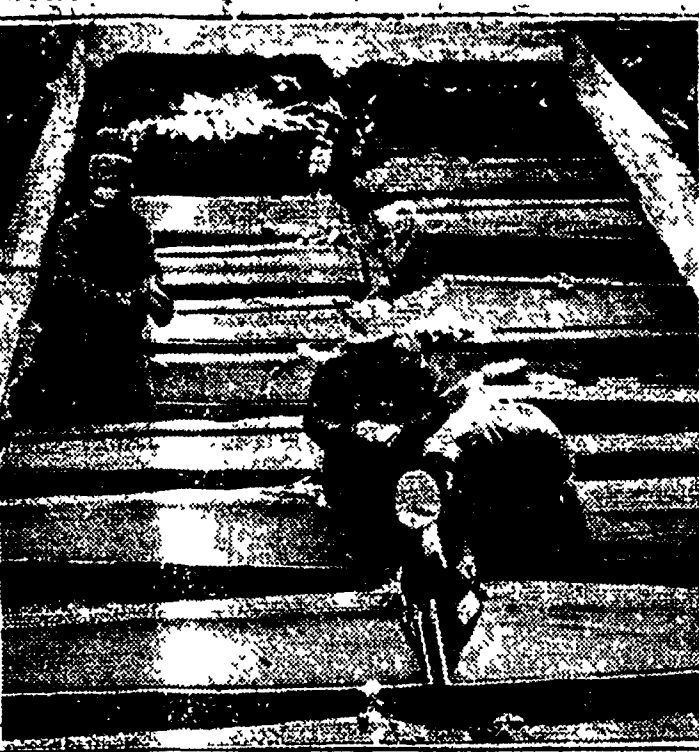

TRACTOR TRAIN HAULING GOLDEN GRAIN IN BARNES
Valley City, N.D., May 15.—O. P. Emerson is utilizing a kerosene engine and a tractor train of five wagons for the marketing of his wheat. He brought in 500 bushels from his south farm, and he still has 1,500 bushels at his Foster county farm, all of which is worth around \$3 per bushel.

ALLIES IN GRIM PUSH OF HINDENBURG LINE

While the English are keeping up their push against the Germans, before Lens and Douai, in spite of the capture of Fresnoy by the Germans, the French are trying to break through the Hindenburg line at La Fere and Leon. Map shows the two points of attack, where fighting is most fierce.

HONOR MARTYRS FOR NEW RUSSIA AT BURIAL

Four large graves, each containing 45 coffins, were filled with the bodies of the martyrs of the Russian revolution, persons shot down by the czar's troops during the uprising. Men prominent in the new government took part in the burial services to honor the dead and a vast crowd attended.

Plea Made For Food Conservation

Crookston, Minn.—Plea for war food conservation and increased production were made in the address of Dr. E. L. Selvig and Dr. E. Dana Durand, of the University of Minnesota, at the fourteenth annual convention of the eighth congressional group of Minnesota bankers association held in Crookston today.

"In my opinion the Red River crop production will easily be increased with favorable weather and crop conditions, by ten per cent," declared

Dr. Selvig in his address. He outlined the work accomplished to increase the acreage and production, and he said results already show increases in Minnesota. He reiterated a statement made at the recent public welfare association meeting here that the increased grain production alone would bring \$4,000,000 to farmers in the eleven counties in his section of the state. Dr. Durand of the department of Rural Economics of the university of Minnesota continued in the same trend.

INJURED IN FLYING BOAT

Newport News, Va., May 16.—Ted Hequemour, instructor, and Lawrence Curtis of Boston, a student, were injured today when a flying boat in which Hequemour was giving Curtis a lesson, fell about fifty feet at

Fifteen Per Cent Of Grain on Farms

St. Paul, Minn., May 16.—About 15 per cent of the grain in Minnesota is still on the farm, while the percentage is 10 per cent in North Dakota and 15 per cent in Montana, according to reports brought back today by O. P. Jacobson, a state railroad and warehouse commissioner, returning from a business trip in the northern part of the state. He said the estimates were collected by a traveling grain buyer, who made a careful investigation.

DELAY ACTION ON ARMY BILL

Washington, May 16.—The army bill was again sent back to the conference by the house with instructions to include an amendment for a graduated increase in the pay for privates during the war, beginning June 1. The appeal of Chairman Dent of the military committee for God's sake let us have a law before the house does another summersault, was disregarded by a vote of 199 to 176.

SHINOLA

AMERICA'S HOME SHOE POLISH

A good motto starting school, work or pleasure:

"Each day learn how easy you can keep your shoes neat and clean by the use of SHINOLA"

You find thrifty, neat people everywhere with their shoes well polished.

SHINOLA, being made of wax and oils is good for leather.

The oil softens and preserves.

The wax gives the brilliant lasting shine and sheds moisture.

A GRAVE PERIL.

In the April 23 edition of the London Daily Mail, which is before us, more is given to the food situation in Great Britain than to any other subject. The Mail is one of the most widely circulated and most influential newspapers in England. Unless this newspaper is deliberately deceiving its readers for some reason that we cannot imagine, the scarcity of food in Great Britain has reached a point where it constitutes one of the gravest of the many dangers that confront us and our allies in the war against Germany.

The leading news article in the Mail carries the headline: "Bread Economy in Force." This article states that "food is much shorter than the great mass of the public have any knowledge of" and that "margarine is now as scarce as wheat flour and potatoes; butter, among other things, soon will be."

On May 1, says the Mail, the food controller was to take over all the flour mills in the nation, so as to control the quality and quantity of flour manufactured and thus "protect the people against themselves."

The Mail quotes one of the food control officials for this startling statement:

"We are consuming 60 per cent more wheat than the total in sight till the next harvest. There are thousands of thoughtless, ignorant and incredulous people who do not realize that if the present over-consumption and waste continue we shall be at the end of our most essential food in less than three months. Starvation, and not the Hun, is the foe that we have to fear."

The food controller, according to the Mail, may find it necessary to follow up control of the flour mills by taking over the bakeries, the dairies, the slaughterhouses and even the kitchens where food is "adapted for sale."

The leading editorial in this issue of the Mail commends the government for taking the most drastic action to compel food economy and exhorts the people of Great Britain to "realize their danger."

"Let it be clearly understood," says this editorial, "that by no device of man, except a great reduction of consumption, can the scarcity of food stuffs be overcome. It is not peculiar to this country, though here it is aggravated and complicated by the very grave menace of the submarine war. It is general throughout the world and even in that land of plenty, the United States, the hour when fixed rations will be imposed is in sight. It is as much the duty of the people at home to save food and to sacrifice all they can to do this as it is the duty of the man at the front to risk his life for his country. They have so long enjoyed an immense and apparently unlimited supply of cheap food that they find it difficult to believe that it can be interfered with."

"But it can be, and there will be a grim awakening if they do not realize the fact."
All of which is of the utmost importance to the people of the United States, upon whom devolves the vital task of supplying a large part of the food for their allies. Not only must we supply it, we must transport it, as well, submarines or no submarines.

DON'T LOOK BACKWARD.

How much of life is wasted in vain regret!

How many people waste their hours in mourning over things that have passed—old mistakes, foolish acts, money spent, time lost, things done wrong—a hundred and one of life's doings pass in review in the dismal half-light of regret.

Looking Backward was a good title for a book, but it's a poor title for a diary of today.

Mourning over what has gone by is sheer waste of time. The past is good only for guidance in the future. Past mistakes should serve only as guide-posts for today.

Perhaps people get what they think is comfort out of dwelling on days that have gone, perhaps they think they are doing penance by mourning tragedies and errors, that have been. But they are wrong. They are sapping their energies in useless ways and wasting precious moments.

In all history time was never so valuable as now, energy at 100 per cent efficiency never so desirable as now.

Stop the folly of bemoaning what has passed. Soak into your system that old saying about the mill never grinding with the water that has gone. Use the past only for the strength it brings you, for the wisdom it has given you, for the lessons it has taught. And for everything else, forget it!

If they should ever put Bill Tarr on a war diet—!

TOUGH ON SCRUPLES.

Gents calculating upon dodging selective service because of religious scruples against war had better read that exemption stanza over again. It now reads that "no person so exempted shall be exempted from any service in any capacity that the president shall declare to be non-combatant." That nice word, "non-combatant," has the properties of both a cold chisel and a rubber blanket. It can be made to just cover a pin-point or a three-ring circus. The president has set you to working in a powder mill with your scruples.

Langer has submitted to arrest at Minot, furnished bail, dismissed his guard and for the nonce retires from the spotlight.

The Meanest Man in the World these days is the landlord who won't stand for having tenants spoil the lawn to make war gardens.

Mary had a little lamb—she raised it and got a medal for war service.

With the Editors

RUBBING IT IN ON THE EAST.

(New York Post.)
Western newspapers have been poking a good deal of fun at the east on the score of the figures of volunteering for the army and navy. In that matter, we easterners must honestly admit that the joke is on us. The west, in proportion to population, has furnished many more recruits than has this part of the country. But it is not only fun that the press of the middle west is poking at the east. William Allen White jests at us, but others put a note of indignation into their comments. For example, the Omaha World-Herald of May 5 had an article, under the suggestive caption, "Headline Patriotism," asking "what is the matter with the North Atlantic seaboard states?" It referred to the "justly clamored for war" which the east had set up for nearly three years; and then it pointed scornfully at the figures of the east in recruiting offices. And it added:

"The west made no effort to goad the government into war. Its temper was pacific even under enormous provocation. But now that the war is upon us, the west is giving its sons to their country's cause, while the east is gnawing bloody bones at banquets, and in newspaper offices, and sending swarms of lobbyists to Washington to protest against taxation."

This may not be very pretty or brotherly, but it must be conceded that there is some force in it. The particularly crushing thing for the east is the revelation to it of its own blindness about the west. It had become customary hereabouts to speak of the western states as far behind us in vigilant and vivid patriotism. They were comparatively cold about the war in Europe. In the last presidential election, they voted for Wilson—proof enough of decayed fiber! It was a region of America over which eastern patriots shook their heads sadly. We even had to send them missionaries to preach the doctrines of the true army gospel. But it looks now as if the west would have to send missionaries east, as the converts there put to shame the preachers here. Anyhow, it is safe to say that we shall not hear so much in these parts about the sordid and besotted west.

WILLIAM LEMKE SILENT ON CONGRESSIONAL NEWS

William Lemke, in the city on supreme court business, declines to talk First district congressional politics. "Bill" has been frequently mentioned as a candidate, but if he is, he is keeping his secret very nicely. Mr. Lemke declines to discuss the possibility of the league's getting into the fight. He very successfully maintains the attitude of an innocent bystander, and refuses to comment upon the eligibility of any particular aspirant for the honor.

Scene From "Daddy Long Legs" Here Next Friday

Frances Carson and George Alison, in "Daddy Long Legs," at the Haystack.
Last season's casts in the three "Daddy Long Legs" companies on tour were notable for their excellence, and when Henry Miller decided to send out but one company in the United States he selected the best players from each of the former companies and has combined them in the organization which will be seen at the Auditorium theater on Friday, May 18. One company under Mr. Miller's management is now playing "Daddy Long Legs" with great success in London and another will be seen in Australia.
In the cast to be seen here will be:

The Day at the State House

LEMKE IN CITY
William Lemke, state chairman of the Republican central committee, was in from Fargo today.

IN SUPREME COURT
Attorney George A. Bangs is in Bismarck today arguing a case before the supreme court.

TO VISIT SISTER
Miss Mabel Amlett, of the secretary of state's office, goes to Fargo for a several days' visit with her sister, Mrs. G. F. McPherson.

MANY TAGS ISSUED
The secretary of state's office at noon today had issued 41,323 automobile license tags.

BISMARCK FIRM CHARTERED
A charter was issued by the secretary of state this morning to the Lincoln Addition Improvement Co., of Bismarck, incorporated for \$50,000, by I. P. Baker, F. E. Young, W. A. Hughes, Joseph Breslow, Benton Baker, John A. Larson, C. N. Kirk, H. F. O'Hare and Henry Tatley.

UNDER ANNUATION
Willis E. Bryan & Sons, liverymen, today were served with an injunction order issued by Judge Nuesse, prohibiting the use of their property for the sale of intoxicating liquor. The order grows out of recent arrests of the Bryans on charges of violating the prohibition act.

BROTHER GOES TO WAR
State Auditor Karl Kostitzky has received advice from his parents at Lincoln, Neb., that a younger brother, W. W. Kostitzky, a student at the University of Nebraska, has been accepted for the officers' training camp at Fort Snelling. The Kostitzky family formerly resided south of Sterling, where they have many friends.

MASON OPERATED
N. A. Mason, secretary to Governor Frazier, Tuesday morning underwent a successful operation for appendicitis in a Bismarck hospital.

GUEST NAMED DELEGATE
Governor Frazier has named Dr. A. W. Guest, of Jamestown, delegate to the annual meeting of the alienists and neurologists to be held at Chicago on July 10, 11 and 12.

BISMARCK MAN REJECTED
J. P. Tucker, designated to the officers' training camp at Fort Snelling, wires friends here that he has been rejected through inability to pass the physical examination and that he will be home Friday. The examinations, Mr. Tucker advises, are very rigid, and there are many rejections.

HAS UNIQUE CUT
The Turtle Mountain Star, in a copy of which James A. Brown of the state board of control has just furnished the state historical library, probably has scored a world-record in printing the first known cut of a monument presented by the German government to Norway and erected on the border of the latter country, and which only recently has been found to conceal a powerful wireless telegraph plant. The Norwegian government became interested because of the unique interest displayed in the monument by German tourists who visited the shrine in great numbers every day. An investigation proved the tourists to be secret agents of the German government, whose reports were transmitted by wireless from the statue. A Rolla citizen, while in the north country a year or two ago was sufficiently interested to take a photograph of the monument from which the Turtle Mountain Star last week reproduced a cut.

BISMARCK ENGINEERS RESPONDING TO CALL FOR FLYING BRIGADE

Probable That Maine University Man Employed on Paving Inspection Goes

The efforts of the war department to promptly fill the engineering contingent which will be the first branch of United States troops to be sent to France is seriously affecting paving operations in Bismarck. F. T. Norcross, who has been employed as inspector, is the latest engineer to be called. Mr. Norcross is a graduate of the University of Maine, and his father, chief dispatcher on the Boston & Maine, has been ordered a captain's commission in the engineers' corps, while a commission as first lieutenant awaits the son, if he decides to accept.

P. H. Niles of California, for a number of years associated with the highway commission of that state and reported to be an expert in asphalt construction, is en route to Bismarck to join City Engineer Atkinson's staff. Because of important duties at home, Engineer Farrell of Duluth will not be able to serve Bismarck as consultant this year, and other arrangements are being made.

The city engineer is very well satisfied with the work which is being done to date. Exceptionally good progress is being made with paving district No. 2.

TWINE PLANT CLOSES PERIOD OF GREATEST PRODUCTION OF CORD

Bonus System Results in 600 Pounds Daily Excess—Fibres Still Going Up

With the bonus system in full operation, the North Dakota twine plant has just completed the most successful standard twine "campaign" in the history of the institution. For the last month the daily production has averaged 600 pounds over the 12,000 pound daily maximum, adding each day \$4.50 to the collective paycheck of the 75 men employed, or six cents for each individual. The men like the bonus system, and it is resulting in much greater production at only a slightly increased cost.

The manufacture of standard sisal twine has been completed for the season with a production of 2,200,000 pounds. The plant is now turning out Manila twine. Fibres are still going up. Manila has advanced three cents in the last two weeks, and now is selling at eighteen to twenty-eight cents. Sisal remains at seventeen cents, but the Mexican government, effective May 15, established a new system of inspection and grading which probably will mean an advance in price for the better classes of fibre. The prison prices for twine have been fixed for the year at 14 cents for standard and 16 cents for Manila. Needless to say, at these prices, the plant is sold out. "There have been inquiries for three times as much twine as we could supply," said Warden Talcott today.

AANDAH AND LITTLE GO TO WASHINGTON TO PROTEST RATE BOOST

Chairman of Rail Board Says Proposed Increase Would Cost State \$4,000,000

S. J. Aandahl, chairman of the North Dakota railway commission, and Rate Expert James A. Little, left today for Washington, D. C., where they will join with representatives of other state commissioners in protesting before the interstate commerce commission against the fifteen per cent freight increase for which railways have petitioned.

"Our most conservative estimates indicate that this proposed rate increase would cost North Dakota \$4,000,000 per annum, and the grain-grower would bear the greatest share of the burden," said Mr. Aandahl today. "On the other hand, it is proven that the total increase in operating expenses resulting from shorter hours and higher pay for the train and engine men is in the neighborhood of only two per cent."

Assistant Attorney General H. A. Bronson returned today from the national capital, where he represented

Your Own Garden

By A Gardener
Sweet corn, to be at its best, should be eaten within a few hours after it is picked, for its sugar content disappears rapidly after it is removed from the stalk.
It should be planted in well-fertilized ground.
Beginning now, successive plantings may be made every two or three weeks. If you have the garden space—until late summer.
Seed should be planted about 2 inches deep, in rows about 3 feet apart, and thinned after it comes up to a single stalk every 10 inches.
Hoing should be frequent and thorough. All weeds should be kept down and suckers removed from phase of plant.
As you hoe draw the earth slightly up toward the base of the plant.
Varieties recommended by specialists in the U. S. department of agriculture are: For early corn, Golden Bantam and Adams Early, Country Gentleman and Stowell's Evergreen. The last named variety has largest ears and is most productive.
Pole beans may be planted with

Sick Babies!

Purest Milk Essential for Baby's Health

A great deal of the summer diarrhea of infants is due to impure milk. Many times this condition is thought to be due to teething, while as a matter of fact it is due to infected food. The purest milk may become contaminated by improper handling, after it leaves the dairy. The mother can therefore do a whole lot to safeguard the health of her children. If milk is left on the porch for a long period of time it collects dust and dirt, draws flies and increases in temperature. Dogs and cats may also have access to it.
Where the milk is delivered early in the morning a box should be provided for the milk bottles. The milk should be taken into the house as soon as possible. It should be placed in a cool place, preferably in an icebox. The colder it is kept the longer it will keep sweet. The changes which take place in milk are caused by germs. The germs increase in number very slowly if the milk is kept cold. Milk should be kept in the original bottle until needed. The bottle should be cleaned before pouring out the milk. The cap should be removed by a clean fork or other instrument. After the cap has been taken off, the bottle should be covered with a tumbler. The refrigerator should be kept sweet and clean and scalded occasionally.

TELEPHONE ASSOCIATION ASSISTING UNCLE SAM TO ORGANIZE SIGNAL CORPS

Census of Eligibles in North Dakota Being Taken—To Talk War at Convention

The North Dakota Independent Telephone association is engaged in taking a census of all operatives in North Dakota who would be eligible for positions in the United States Signal Corps. The telephone companies have undertaken the task of organizing a battalion, co-operating with the war department in its efforts to recruit the signal corps up to its required war strength. Secretary H. A. Livermore of Fargo has written every telephone company in the state—and there are more than 300 of them—for the names of men who would furnish good material for the signal corps, and these men later will be supplied with information relative to the service and encouraged to join.

The organization of this battalion will be one of the important topics for discussion at the annual meeting of the state association to be held in Minot next month.

NEW CORPORATIONS—
New corporations of the day are the Courtenay Electric Power Plant Co., Courtenay; Joseph Nelson, O. T. Fosholdt and A. G. Bjerkén; Independent Lumber Yard Co., New Rockford; J. A. McCrum, Peter Michel and Robert H. Olson; and the Fullerton Telephone Co., Thomas Parke, John A. Dawe and J. J. Keles.

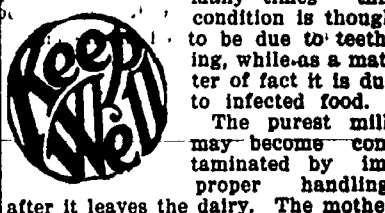

MONEY COMING FORTH—
The long financial drought, from which state institutions suffered pending a decision in the state board of regents case, is over so far as four-half the institutions affected are concerned. This morning the state auditor turned over to Secretary Brewer of the board of regents \$45,191.50, including appropriations in May and past due appropriations of \$3,000 for the university and \$2,200 for the agricultural college. With this payment the accounts of half the educational institutions are brought down to date, and indications are that the others will be cared for in the near future.

SOME POLICY—
The state insurance commissioner is in receipt of a letter from a Hunter banker inquiring into the merits of a policy written by a Waseka, Minn., company. "Is some policy, covering, among other things, cutworms, cinch bugs, rust of several hues, drouth, Hessian fly and woggle-bugs. The banker is inclined to believe the policy takes in too much territory, as it also covers hail, windstorm, cyclone, tornado, lightning and chinkoos. Insurance Commissioner Ornes has sent for a copy of the policy. One similar to this has just been rejected by the commissioner on the grounds that the company would have a hard time living up to its contract of an entire batch of crop calamities would hit in any one year."

Nothing Cheap
Wheat hits record mark, potatoes soar in price, foodstuffs of all kinds get out of reach—nothing gets cheaper but human life.—Dickinson Press.

Ye Editor Pines
The little touch of fine weather we have been having for the past few days has taken all the "pep" out of our system and left only "spring fever." And we reckon the paper looks it.—Dunn County Settler.

To Attend Executive Meeting—
Supt. W. E. Parsons will leave Friday for Grand Forks, where he will attend a meeting of the executive committee of the State Educational association. Preliminary arrangements will be made for the annual education meeting, which will be held in the capital city next fall.

after it leaves the dairy. The mother can therefore do a whole lot to safeguard the health of her children. If milk is left on the porch for a long period of time it collects dust and dirt, draws flies and increases in temperature. Dogs and cats may also have access to it.

Where the milk is delivered early in the morning a box should be provided for the milk bottles. The milk should be taken into the house as soon as possible. It should be placed in a cool place, preferably in an icebox. The colder it is kept the longer it will keep sweet.

SOCIETY

Banquet Big Social Event of Eighth District Meeting

The banquet given by the three federated clubs of McClusky Tuesday evening in the Auditorium, to the delegates to the third annual meeting of the Eighth district of the Federation of Women's Clubs, was a big social event. Delegates from the 25 clubs composing the district were guests. Mrs. W. H. Temple of McClusky gave the address of welcome and the response, by Mrs. J. H. Davidson of Mercer. Mrs. Fred L. Conklin of Bismarck, vice president of the district, and Mrs. O. W. McClusky of Carrington gave greetings. The Spirit of Service was the keynote of the toast given. Mrs. A. L. Knaut of Jamestown spoke on "The Spirit of Service in My Country." Mrs. Ike Temple of Pettibone on "In My Community." Mrs. Ulrich of Turtle Lake, on "In the Federation." Mrs. C. E. McKeen of Goodrich, on "In My Club," and Mrs. Emma Ray of Garrison, on "In My Home." A special feature was the musical entertainment. Mrs. W. T. Craswell of Valley City, well known chorus director, conducted the community singing and patriotic numbers were sung. The McClusky Glee club sang several selections and Miss Maude Warren of McClusky, Mrs. J. E. Davis

of Goodrich and Mrs. Craswell sang groups of songs.

Mrs. Minnie Clark Budlong of Bismarck, secretary of the North Dakota Library commission and one of the most prominent club women of the state, gave a stirring patriotic address this afternoon, on "Those Who Stay." Mrs. Budlong gave a most instructive talk on how the women of the state can assist the government during this terrible crisis. The keynote of the meeting was patriotism. Other instructive addresses were given by Miss Mary McDonald of the extension department of the Agricultural college, on "Food Production and Conservation," and Dr. Agnes Stucke of Garrison, on "Child Welfare."

The morning session was featured by presentation of credentials, appointing of committees and reports of the officers, Mrs. Conklin, Mrs. Knaut, secretary-treasurer, and Mrs. P. J. Meyer of Bismarck corresponding secretary.

Reports of the various departments of the club, reports of county chairmen and of committees also were heard. A concert by the Mercer Choral union will be the closing attraction this evening.

Mothers' Club to Assist In the Red Cross Work

At a meeting of the Mothers' club Tuesday afternoon with Mrs. Bruce E. Jackson in Fourth street, it was decided to offer its services as an organization to the Red Cross society, recently organized in the city. Mrs. A. P. Lenhart, chairman of the Red Cross committee of the club, discussed the work of the society.

The study of the child was continued and an interesting paper on "Nutritive Value of Different Foods and Their Proper Proportions in One's Diet," was read by Mrs. R. M. Bergeson. Mrs. W. E. Parsons discussed current events and the roll call was responded to by quotations on children from James Whitcomb Riley. Miss Hazel Lenhart favored with a piano solo.

The Thursday musical club will meet Thursday afternoon with Miss Bessie Hansen in Fourth street. Mrs. Arthur Hansen will be the leader and the life and works of Beethoven will feature the program.

Child's Conservation league will meet Friday afternoon in the Will school, with Dr. Emma Ackerman as the principal speaker.

University Club Dinner: Covers were laid for 30 at the dinner given last evening in the Grand Pacific by the University club members. Attorney Benton Baker presided and impromptu talks were given by nearly all the guests. The club has decided to hold monthly dinners to promote fellowship among its members.

Church Society Meeting: A novel program has been arranged for the meeting of the Ladies' Aid society of the Presbyterian church Thursday afternoon in the church chapel. Members will be asked to give their experience of how they raised money for the society from a fund of 10 cents. The hours will be from 3 o'clock to 6.

Program for Social: An interesting program has been arranged to be presented in connection with the ice cream and strawberry festival which the fourth division of the general Ladies' Aid society of the McCabe church will give Thursday evening in the lower auditorium. The program follows:

Piano solo, "Barcarolle," (from "Tales of Hoffman"), Offenbach—Miss Pauline Lobach.

Reading, selected—Mrs. Melvin Hagen.

Vocal solo, "A Dream," Bartlett—Dr. J. A. Halgren.

Vocal duet, "Passage Birds Farewell," Hildach—Mrs. and Mrs. C. B. Taylor.

Reading, selected—Miss Catherine Donsford.

Vocal solo, selected—Mrs. J. A. Larson.

Piano solo, "Heart's Message," Smith—Miss Hazel Hutcheson.

MRS. WHITLOCK UNDER FIRE IN THE TRENCHES

MRS. BRAND WHITLOCK

Mrs. Whitlock, wife of the American minister to Belgium, is one of the very few women to actually be under German fire in the trenches. With her husband she visited trenches near Ramscappel and Pervease.

from California, arrived in the city Tuesday to join Mr. Woodward, who has been here for several weeks. Mr. and Mrs. Woodward have taken rooms at the Annex.

Mr. and Mrs. White of Walla Walla, Wash., who have been spending a few days here, en route to Illinois, where they will visit relatives, left Tuesday evening. Mrs. White was formerly Miss Mary Gleiberg of this city. While here they were guests at the Grand Pacific.

Mrs. Frank Barnes and two children of Ismay, Mont., who have been visiting the former's mother in Mandan, have gone to Wilton, where they will be the guests of Mrs. Walter Williams. They were accompanied by Mrs. Harriet E. Barnes of Wilton, who has been in the city for several days.

Miss Gertrude Evans, teacher at the Andrews consolidated school, will close the school Friday and return to the city Saturday to spend the summer with her mother, Mrs. Nellie Evans of First street. Miss Evans has been elected secretary to Supt. J. Maurice Martin of the public schools.

Mrs. Fred Peterson of the Annex has undergone a successful operation at the St. Alexis hospital.

Miss Laura Keenan, daughter of Mr. and Mrs. G. J. Keenan, teacher in the Wilton schools, who was elected assistant kindergarten teacher, will assume her new work in June after finishing her work at Wilton. Miss Keenan was re-elected by the Wilton board.

ASCENSION DAY SERVICES AT ST. GEORGE'S CHURCH

Thursday being the feast of the Ascension, there will be a celebration of holy communion, with a short address by the rector, Rev. George Buzzelle, at St. George's Episcopal church at 10:30 a. m. Rev. Mr. Buzzelle will go to Grand Forks the last of the week, to attend the convocation of the Episcopal church of North Dakota. Services at St. George's will be discontinued Sunday.

Mrs. E. B. Woodward, who has been spending several weeks visiting friends in Michigan, since returning

FEEDING OF WORLD IS UP TO AMERICAN WOMEN

New York, May 16.—Feeding the world is up to the women of America, says Herbert C. Hoover, and having had for two years the job of feeding 10,000,000 persons in Belgium, and now being pretty nearly food boss of the world—he ought to know something about it.

Hoover puts it up to the women of America to conserve the food supply and win the war.

"Outside the 10 or 15 per cent of the total foodstuffs in public places, the women of a nation control its food consumption and it is the women who must effect any saving," says Hoover.

"I believe the women of America will do their share for the cause." When it comes to feeding the world, Hoover says, the job of feeding two or three hundred millions more is merely a quantitative matter—but in that little matter of quantity the women of America are booked by the new food boss to play the greatest part of all the nation's people.

A. C. Gives Pointers On Peeling Potatoes

The home-economics department of the North Dakota Agricultural college has just completed an experiment to determine the loss in peeling potatoes raw.

Often times the potato is peeled before boiling. This is a wasteful practice, as considerable of the potato is removed with the peel. Another point to consider is that the protein and mineral matter in a potato lie near the skin. With the medium sized potato the loss was 19 to 21 per cent when the potato was pared very thinly, and with small potatoes the loss amounted to 25 per cent. When peeled after being boiled the loss in peeling was 9 per cent. In this case, however, just the skin was removed and the layer next the skin that is richest in food value was saved.

The potato cooked in its jacket has a better flavor than the potato boiled after being peeled, but it will not be quite as white. It is estimated that when potatoes are pared before cooking the loss on one bushel is equal in food value to one pound of sirloin steak.

If the potatoes are wilted they should be soaked before using. This is especially important if they are to be pared raw, as thinner peeling can be removed.

A considerable saving can be made by cooking potatoes in their jackets. A better flavor is also secured.

CITY NEWS

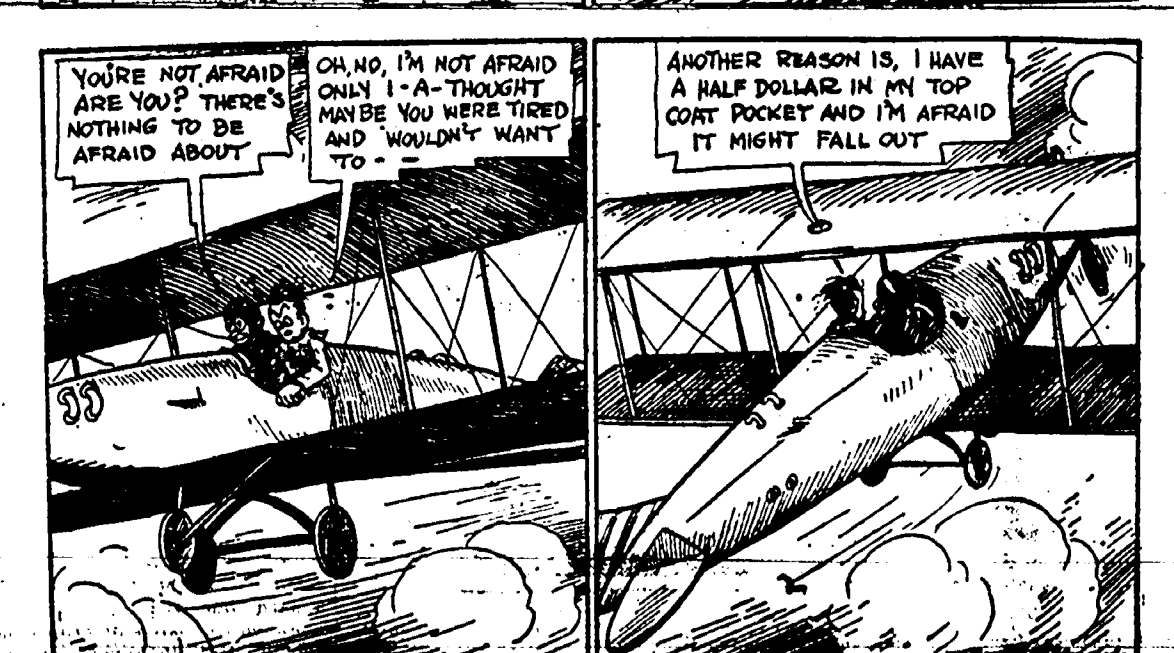

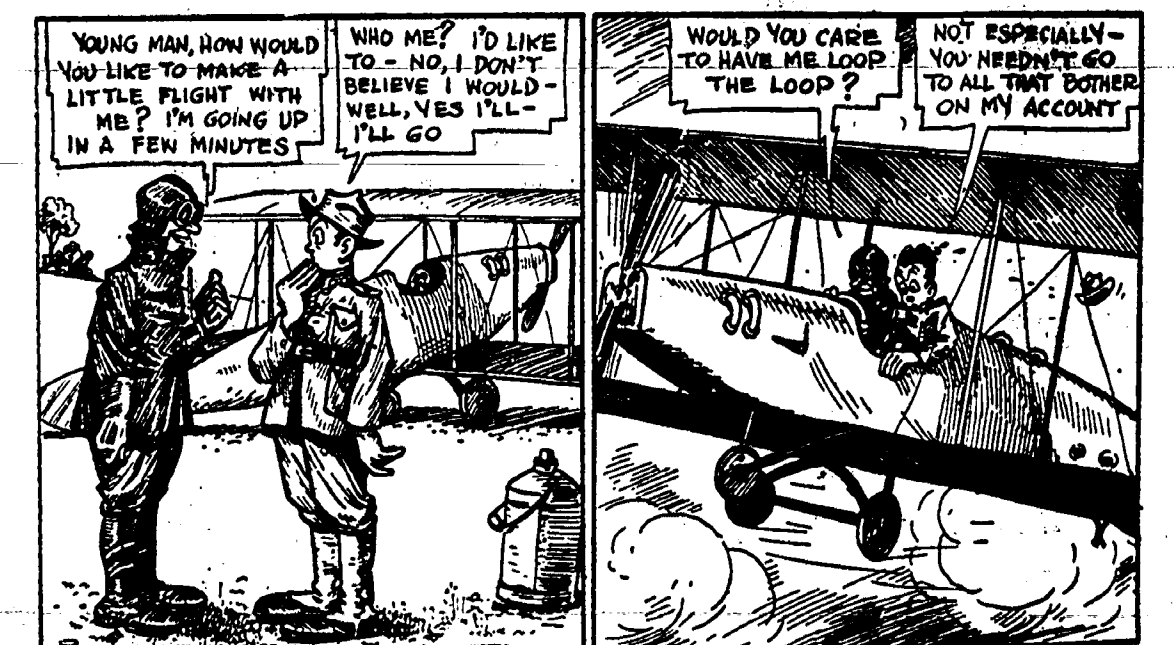

Placing Flag Poles—Workmen started this morning to place the flagpoles at the High school, Will and North Ward school grounds. The poles will stand 55 feet, with a six-foot base of cement. Six flags were ordered purchased by the school board Monday evening.

University Boys Return—Milo Miller, son of Attorney and Mrs. Andrew Miller, and James Blunt, son of Mr. and Mrs. C. W. Blunt, arrived in the city yesterday from the University of Minnesota, to enter the government service. Mr. Miller will take up the agricultural work and Mr. Blunt will enter a medical corps.

K. of P. Meeting—A regular convention of St. Elmo Lodge No. 4 will be held in Castle hall this evening, at 8 o'clock. Two candidates will receive the rank of Esquire. All mem-

DOINGS OF THE DUFFS. By Allman

ANY EXCUSE SOUNDS GOOD AT THAT ALTITUDE

May Clearance Sale

It would be extremely hard for us to tell you in this space all about the big values to be had here during this May Clearance Sale, but we place on sale tomorrow

200 Ladies' Coats
100 Ladies' Suits

All taken from our regular stock, made and designed for 1917 spring and summer wear. These Coats and Suits were marked to sell at from \$21.50 to \$39.50, but while this sale is on you can have your choice at from

\$10.00 to \$20

Ladies' and Misses' Suits

in Poplins, Gaberdines, French Serges as well as novelty materials—all made up in this season's popular shades. You will find some of these suits so pleasing you'll be attempted to buy two. Every suit is so good and made so well that you can readily see what a wonderful saving there is to be had when you can have your choice from 100 of them for

\$15.00 to \$20

(Sizes 16 to 44)

Ladies' and Misses' Coats

Made up in novelty Plaids, Serges, Berilla cloth, as well as fancy mixtures. These coats are shown in Browns, Mustards, Navy Blues and Rose Green. Sizes 16 to 44.

(Sizes 16 to 44)

The coats were made for practical street wear, tho there are any number that would be most pleasing for evening wear as well. Remember, your choice can be had during this May Clearance Sale for, from

\$10.00 to \$15

New Arrivals Daily

We wish to call your attention to the fact that each express brings us daily new Taffeta Suits Sport Dresses, Sport Skirts, as well as Wash Dresses and Skirts. Whatever is new is shown here.

RUTGERS ATHLETES
TO GO TO FRANCE

Athletes representing every branch of sport at Rutgers college have enlisted in an ambulance unit now being recruited at the college.

Eighteen men, 10 of them college athletes, have already enlisted in the unit, which will include 25 men when complete. The men expect to leave for France within 30 days.

The best known athlete enlisted is "Tody" Bracher, the diminutive Rutgers halfback, who starred on the football team last year.

SPORT CHATTER

Rolfie Zeider is famed as having the only union in baseball. The experts are wrong. Zeider is the only ballplayer with a union on his foot. Most of 'em have 'em on their heads.

Charley Street once caught a ball thrown from Washington monument. That's nothing. Wallie Schanze catches Fred Falkenburg.

Chicago university athletes should heave a sigh of relief. Football has been barred at Minnesota.

Fred Welsh has made his annual announcements that he will meet two opponents for the lightweight title. Doesn't cost anything to make announcements.

Chicago bowlers have lost their training table. Free lunches have been abolished there.

Society Note
Spring plowing has started on many golf courses.

Utah Has Girl
Baseball Prodigy

Staff Special.
Bingham, Utah, May 16.—Utah has produced another wonder—a unique figure in baseball—a girl who can pitch with either arm and hold her own against the best boy teams of the state.

Miss Adah Clays is in a class by herself when it comes to fooling the opposing batters, according to those who have watched her work and those who have faced her dazzling delivery. There have been mighty few players in baseball who could throw equally well with either hand, but this little Utah girl who plays sand lot baseball all season does it and does it well.

She can put the corners and usually knows what a batter cannot hit after she has pitched to him a couple of times. She is also a good batter and bats from either side of the plate.

The team of girls on which Miss Clays plays claims the girls' championship of the world. They have never been beaten and have a standing challenge to all other amateur girls' teams for games.

Two other girls on the team, Miss Adderly and Miss Dixon can pitch or play the infield and Miss Dixon leads the team in batting.

All three girls have been offered positions with traveling women's teams but have refused, as they say they play baseball only as a relief from their school room duties.

CAPTURE GROUND.
London, May 16.—The British have captured most of the ground they had lost in Bullecourt and have established new posts on the west side of the village, says a dispatch from Reuters' correspondent at British headquarters.

Walking Helps Slim
Too, Says Jim Rice

Flushes Muscles, Increases Appetite, Builds Up Body, Is View of Physical Advisor

BY JIM RICE
(Famous Coach of the Columbia Crew and Physical Advisor for Daily Tribune Readers.)

In a recent article I had something to say about walking as a cure for overweight. Today I want to show you why the exercise that will make a fat man thin will put a good healthy covering on a person built like a stick of macaroni.

An animated skeleton is always hovering over the brink of a general breakdown. The reason is he has no reserve strength.

Let him catch a cold and he is in bed a week. If he is obliged to undergo any severe physical exertion or even put in several nights overtime at the office, he is a wreck. He has to do these stunts on his nerves alone and they cannot stand the racket.

It is reserve force that brings victory to a nation at war.

It is just as easy to put flesh on a slim man as it is to take off the fellow whose beam is as great as his depth.

Several times this year complaints

scribes and the usual result is that the records are bungled to suit the vagaries of the particular scribe, resulting for the most part in failing to discriminate between right and wrong and giving the home club the benefit of the doubt.

There is nothing more discouraging to a ball player than to have to play with a collection of misfits.

Example—Stuffy McInnis, one of the greatest first basemen in baseball today.

McInnis has just finished a batting streak in which he secured at least one hit in 17 consecutive games, not a record, perhaps, but a very creditable performance.

Last year McInnis was on the road to an achievement seldom attained by any batter—to hit .300 or more for 10 years.

For seven years McInnis had swatted that old horseshoe for more than .300 and there seemed to be no reason why he should fall under that mark last year. McInnis was young, at the start of the season it seemed that he was the only man in baseball except Ty Cobb who had a fair chance of remaining in the select circle for half a score or more of consecutive years.

But the constant friction of playing with a ball club that would not win games, a minor league club in a major league, put the skids under McInnis and he skidded down the heap at the middle of the season with the result that the old "v" of "gone back" was raised.

But McInnis rallied and finished with an average of .285, batting close to the .400 mark for a couple of months to do it.

McInnis is due for one of his big years. Right now he is batting around .380, higher by 40 points than any previous effort. He is with a ball club which is going good enough to give him confidence and has thoroughly repudiated any rumors that he is going back.

have been made by managers and players that hits have been credited to batsmen when the opposition should have been credited with an error.

This fattens batting averages and causes pitchers, in many cases, to be charged with earned runs which were not earned.

Official scorers should be appointed by the league presidents and should be accountable only to them. There is no reason why scorers should be under any different rulings than umpires. In that case there would be no reason for doctoring the records for the benefit of the home club batters.

Club owners, of course, would object to have this sneer taken from them. It is the means in many cases of paying in a roundabout way for publicity and the magnates like to hold on to it, regardless of the ultimate effect on the records.

ADVERTISEMENTS.
Sealed bids for furnishing the city of Bismarck with one street flusier will be received by the Board of City Commissioners of the city of Bismarck, North Dakota, until eight o'clock p. m., May 28, 1917. Bidder will submit price and specifications and time of delivery and must accompany each bid with a certified check for five (5) per cent of the amount of the bid, payable to the order of A. W. Lucas, president of the City Commission.

The Board of City Commissioners reserves the right to reject any or all bids.
May 7, 1917.
C. L. BURTON,
City Auditor.

Batting Slumps as Pitchers Pile Up Low Hit Games

By Paul Purman.
The fan who is apt to believe that the prevalence of low hit contests this year is not out of the ordinary may be surprised to learn that already in less than a month of the 1917 season the combined batting averages of the two major league ball clubs has shrunk nearly 10 per cent compared to the averages of all last year.

Ten per cent does not seem to be a whole lot, but when it is considered that the 1917 season has more than 300 ballplayers a different light is thrown on the situation.

Batting including May 7 was a fraction over .230 for the 16 ball clubs. Last year the combined batting averages for the two big leagues was .249, the shrinkage this year being about 20 points.

And the reason is indicated in the low hit games that have been played in both leagues, five hitless contests, two of a single hit, seven two-hit games and nine three-hit contests, in all 23 games with less than four hits per game, a pitching record for all time for a similar length of time.

Whether this is the result of smart-er pitching, or of poorer batting is a question for experts to quarrel about. Whether stricter rules should be enforced to give the batter a better chance is entirely up to the rules committee and a question which managers probably would never be able to agree on.

For instance a manager with a flock of great pitchers, like Jack Barry or Fielder Jones, would undoubtedly fight any effort to place a handicap on his pitchers, while a manager with a hitting club like the Detroit Tigers or the New York Giants would be very well satisfied with anything which would add wallops to his select circle of swatists.

For several years McGraw and Jennings have tried to have the foul strike changed to permit but one foul strike to be called, but the opposition has always been so strenuous that the rules committee has never considered the matter seriously.

Should combined batting in the big leagues fall to .230 for the 1917 season, it is likely that John K. Tener and Ban Johnson might be induced to take notice.

and farm buildings among the fields are rare.

"A suitable fireball" could soon be devised and manufactured by our experts, but it is imperative, however, that the necessary experiments and plans are made quickly, as the German harvests are earlier than ours. There is therefore no time to be lost."

Lord Calthorpe says that, as it has become a question as to which country starves first, Germany or England, it is important that the Entente allies lose no time in hastening the destruction of the German crops.

Col. J. H. Fraire, who arrived Tuesday afternoon from Graton, spent some time in conference with Governor Frazier, and later visited Fort Lincoln, in company with A. H. Ohlsen of the American Railway association, who handled the movement of the troops for the Northern Pacific last year.

"My visit here at this time has absolutely nothing to do with mobilization," said Colonel Fraire.

Preparations are going forward at Fort Lincoln for the accommodation of 2,000 troops. A long extension to the railway spur is being completed, and the barracks and grounds, officers' quarters and other parts of the million dollar military plant are being put in order.

VETERANS HONOR AMERICA DAY IN ENGLAND

American Civil war veterans in England are here shown with flags of the two countries and wearing their medals going to service at St. Paul's in London, where a celebration was held in honor of America day, when the United States entered the war.

DENTISTS PLAY PROMINENT PART IN GREAT WAR

Major Wright of Canadian Army

Tells Dakota Fraters What
Profession Does

50,000 TROOPS MADE FIT
THROUGH DENTAL SURGERY

FORKS GETS MEET.

Fargo, N. D., May 16.—Grand Forks was chosen as the next meeting place of the North Dakota Dental association in convention here today.

The following officers were elected:

President—Albert Hallenberg, Fargo.

Vice President—Tom Smith, Langdon.

Secretary—Solon Crum, Fargo.

Treasurer—L. Wells, Harvey.

Dr. Fred W. Rose of Coopers town and Dr. W. V. Falls were recommended to the governor for appointment to the dental board of examiners.

Fargo, N. D., May 16.—Major W. Wright of Winnipeg, Man., dentist, in charge of military district No. 10 of Canada, this forenoon held the attention of the members of the North Dakota State Dental association, in annual convention here.

Major Wright spoke on "Dentistry in the Army in Canada," and dwelt on the organization of the Canadian

army dental corps, shortly after hostilities with Germany began.

The Army Dental Corps, "Prior to the outbreak of the war," the major said, "there was no dental corps in Canada. After the commencement of hostilities, dentists throughout the country did a great deal of free work, collectively and individually, and made many recruits fit who otherwise could not have enlisted. The government first provided a stated amount of money for each battalion that might be expended on certain dental work for the troops. This was inadequate, however, and on July 1, 1915, the Canadian army dental corps was organized as a separate and distinct unit. Today there are 300 officers (dentists) overseas, and more than 600 of other ranks.

"Upon enlistment, dentists who have been graduated more than two years, receive the rank of captain, and if less than two years, the rank of lieutenant. They receive the same pay as other officers of equal rank. The most suitable army dentists are operators with from two to ten years' experience.

Fractured Jaws. Cases of fractured jaws among wounded soldiers are successfully treated by dentists, Dr. Wright said, as is a disease commonly called "trench mouth"—a very infectious disease, and injurious to the tissues of the mouth.

Dr. Wright praised the work accomplished by the dental corps in Canada. "It was a new and untried institution," he said, "but it has won its spurs and has exceeded expectations. The premier of Canada stated, in January last, that already 50,000 troops had been made fit for overseas duty by the Canadian army dental corps, who otherwise might not have been able to go. Soldiers with healthy mouths recover from sickness or injuries quicker than those with uncared for mouths."

ANNUAL GRAND LODGE A.O.U.W. ENDS TONIGHT

Successful Convention Draws to
Close—Big Class of Candi-
dates Initiated

GRAND MASTER MARKS

APPOINTS COMMITTEES

Jamestown, N. D., May 16.—Fargo was named for the 1918 session of the A. O. U. W. today. Officers were elected, as follows:

P. G. M. W.—George J. Price, Grand Forks.

G. M. W.—B. C. Marks, Bismarck.

Grand Foreman—C. C. Green, Cavalier.

Grand Overseer—John E. Nuss, Grand Forks.

Grand Recorder—E. J. Moore, Fargo.

Grand Receiver—R. S. Adams, Lisbon.

Grand Guide—F. M. White, Donnybrook.

Grand Inside Watchman—J. P. O'Leary, Carrington.

Grand Outside Watchman—W. R. Kilpatrick, Chiswick, Mont.

Grand Medical Examiner—G. A. Carpenter, Fargo.

Grand General Counsel—J. Carmody, Hillsboro.

Jamestown, N. D., May 16.—Delegates from North Dakota, Montana and Idaho, who have been in this city attending the biennial A. O. U. W. grand lodge session for the past two days, will close their convention this evening.

Large Class Initiated. The campaign for a class of 100 candidates to enter the A. O. U. W. at the grand lodge session was successful, the century mark being passed late yesterday afternoon. By those working up enthusiasm for the event. The initiation session last evening was one of the outstanding features of the convention.

Ladies Hold Meetings. Members of the Degree of Honor lodge, the ladies' auxiliary of the A. O. U. W., conducted meetings in the Masonic hall here yesterday and again Tuesday evening.

Committees Named. Grand Master Workman B. C. Marks of Bismarck yesterday named the following committees for the ensuing two years:

Committee on the Code of the Order—R. A. O'Hare, Hamilton, Mont.; E. F. Hamilton, Cavalier; D. P. Barnes, Glen Ullin; L. M. Burkey, Watford City; J. G. Odegaard, Northwood; H. M. Mergenthal, Hillsboro; Charles Schebler, Bismarck; W. O. Lundahl, Great Falls, Mont., and H. E. Dorval, Langdon.

Committee on Official Circulars—M. J. Boyd Valley City; S. A. Arason, Mountain; F. A. Schmeizer, Bottineau; W. O. Wentzel, Ellendale; Thomas McGrath, Donnybrook.

Committee on Charter Dispensation—Frank Gibby, Grand Forks; Patrick McGinley, Dickinson; W. E. Lindsey, Casselton; William Hess, Wabpeton; M. E. Beltz, Buxton.

Committee on Official Paper—W. R. Kilpatrick, Glasgow, Mont.; J. J. Pavlik, Williston; Louis McPherson, Park River; W. E. Wright, Exhgate; Peter Masterson, Buffalo.

BEAR MAKE RUSSIAN SENTRY ENJOY DUTY

A bear mascot is the companion of lonely outposts behind the Russian lines in France. Sentries have named the bear "Baiko."

MANY BATTLE FOREST FIRES NEAR DULUTH

International Falls Center of
Blaze Which Threatens a
Wide Area

STATE FORESTER DIRECTS

MEN PROTECTING TIMBER

St. Paul, Minn., May 16.—Throughout the fire swept country of northern Minnesota hundreds of citizens, grimy with soot and smoke continued their battle today against the flames, under the direction of the forest rangers. William Cox, head of the state forestry department, was at International Falls today after a night spent at Gemmel, in the heart of the affected district.

That wind or rain may be the deciding element in the battle became more evident today, when reports from many sections showed that fires were under control and would be extinguished unless the wind should become of great velocity.

SWITZERLAND SENDS DR. RITTER TO HAGUE

London, May 16.—Switzerland, according to a dispatch from Zurich, has established a legation at The Hague and will transfer Dr. Paul Ritter, minister to the United States, to the new post.

A PROMOTION. Washington, May 16.—Dr. Ritter, after he took over German interests in the United States, became the center of a controversy resulting from his delivery to the state department of a German offer "to continue negotiations."

When the offer was declined, Ger-

QUICK HANDLING OF TROOPS PLAN AT FT. LINCOLN

Provisions Considered for Un-
loading of Three 1200-Foot
Trains at One Time

NOW AWAIT APPROVAL U. S. WAR DEPARTMENT

Facilities will be provided at Fort Lincoln for the unloading of three 1,200-foot trains at one time if plans which have been prepared by A. H. Ohlsen of the national defense council, are approved by the war department.

The company last summer was seriously handicapped by the handling of troops through lack of tracks. Mr. Ohlsen's plans call for three unloading tracks, each of which will accommodate a 1,200-foot train, with an abundance of clearance, and a tall track at the south which will admit of switching from either end of the main track and the two spurs.

More Right of Way. The present spur, 951 feet in length, and the main track, 885 feet, both will be extended, and a third track of equal length constructed. Additional right-of-way south of the military reservation has been obtained to accommodate this extension and provide for the tall track. A new spur will be installed, and the ramp used for the unloading of machines from open-end cars will be moved to the end of this spur. An unloading platform with a 100-foot dock and with approaches at each end will be installed for the handling of guns, machines, tracks and men.

Repairing Roadbed. Seventeen hundred new ties are being used to repair the spur from the main line to the fort, and new heavy ties are being laid on the curves. The sag in the roadbed will be filled up. The loading of gravel for this purpose began at Jamestown today.

With the completion of this plant, the facilities for the quick handling of men, munitions and supplies at Fort Lincoln will be second to no post in the northwest.

Authorities Approve. Colonel John H. Frairie of the First regiment went over the plans with Mr. Ohlsen yesterday and pronounced himself entirely satisfied. The plans already had received the approval of Adjutant General Therselson.

"No Charge, Sir"

—and you don't need to be a user of Fisk Tires to enjoy all the benefits of Fisk Tire Service without charge. You are under no obligations whatever in a Fisk Branch Service Station.

That is the underlying principle, the fundamental idea of

FISK

FREE TIRE SERVICE

No obligations, no matter what tires you use.

When you get an offer of actual SERVICE for nothing, from a reputable company, it is good business to take advantage of it.

Fisk Service will add many miles to your tires at no added cost. Regular inspections, free, reduce your tire expense.
